

I am a frequent listener of KLOVE radio station and I am concerned about the possibility that they may be forced off the air because of the LPFM broadcasters.

KLOVE is very encouraging to me and I listen to their news updates.

As a committed Christian, I would have very little available to me in the way of Christian music if KLOVE were not on the air.

I believe that KLOVE serves the public well by being so "family friendly" and positive. In a world that is so often troubling and negative, KLOVE is a real encouragement.

I would ask that you not allow anything that would disrupt the KLOVE signal.

Thank you,

Laurie Beatty
